N/A

e. List any honors, prizes, awards or other forms of recognition that you have received other than those mentioned above.

Recognized by Legal Services of Northeastern Pennsylvania  
for Pro Bono work.

11. **PERSONAL POSITION**

Please fully describe below or on a separate sheet the reasons why you consider yourself qualified to be a judge and how you would improve our current system of practice.

See attached.

The Judiciary must make itself both available and accountable to the public it serves. The first step must be to invite the public to view the decision making process itself, to insure that the process is both fair and impartial. This transparency is imperative to give the voters a clear understanding of the consequences judicial decision making has on the community as a whole.

The people must also have easy and unfettered access to all public records, allowing the members of the community served by the Judiciary to be satisfied that decisions are being made in a consistent and efficient manner, and that taxpayer resources are being used in a way that best promotes justice. Once accomplished, the public must hold the elected members of the Judiciary accountable through continuing dialogue between the members of the bench and the community they serve. Only then, will the public be confident that the individuals elected to preside are serving the public and not self interest.

I believe that technology will play an important role in this process. Through applications ranging from informative/interactive web sites to blogs, enhanced communication with the public, as outlined above, can be maintained.

Finally, I would support the development of a state mandated, independent Oversight Board. As envisioned, the Board would serve as an oversight agency to ensure that the mistakes of the past are not repeated.

I believe the depth and breadth of my experience, acquired over a 22 year career, make me uniquely qualified to serve as Judge of the Court of Common Pleas of Luzerne County. In my private law practice, I have represented individuals before all levels of the judiciary, from Magisterial District Court through appeals to the Superior Court of Pennsylvania. For more than two decades, I have been in courtrooms before both judges and juries as an advocate for clients in civil, domestic, and equity matters.

I also serve as an Assistant District Attorney in Luzerne County. This position requires me to work closely with law enforcement officials throughout the county, as I am responsible for prosecuting all types of criminal matters, including homicides, sexual assaults, child abuse, drug and other felony cases. I have been involved in the process from initial investigation through jury verdict, which mandates an in-depth knowledge of the criminal justice system. I also serve as a member of the District Attorney's Office Special Victims' Unit.

I also have a passion for the law. It can protect both society and the individual. You must have integrity, the legal experience and a love for what the law can do to be an effective judge. I have these qualifications.

**THE APPLICANT MUST SIGN THE FOLLOWING AFFIRMATION**

I swear or affirm that I have read and understand the preceding questions and that my answers are true and complete to the best of my knowledge, information and belief. I assume the responsibility of promptly informing the Pennsylvania Bar Association of any changes to the answers provided for the questions contained on this form.
